### 1,000 People and Counting Voice Support for Fresno Works

*Fresno Works.org provides Fresno County residents an outlet to support Fresno Works effort*

**FRESNO, CA** – More than 1,000 people agree: Fresno Works as the best location for the California High Speed Rail Authority's Heavy Maintenance Facility. It's easy to see why. The CHSRA's heavy maintenance facility will bring thousands of jobs and millions of dollars to the area deemed most appropriate by the Authority.

As a part of its outreach efforts, Fresno Works is asking all supporters of its effort to log on to Fresno Works.org and show their support.

The Fresno Works group – comprised of officials from the County of Fresno, City of Fresno, Council of Fresno County Governments, educational institutions and labor groups – is thrilled to announce its community outreach effort is gaining momentum.

"Bringing this heavy maintenance facility to Fresno County will require a united community effort," said Supervisor and Fresno Works Co-Chair Henry Perea. "This is just the beginning of our effort to educate our residents about Fresno Works."

The group will work to earn thousands more supporters. Visit Fresno Works.org today to show your support.
